**Parent Question:** Was there commercial bias in the session?

**Question:** If Yes, please explain the commercial bias.

I just felt there were assumptions by the presenter that the attendees did not accept.

Best session in the Conference.

Best session of the conference! No bias to that comment!

Did a great job!

excellent data and procedures.

excellent presenter and very interesting subject matter. Loved it!

Great practical info.

He was a great speaker, but i adamantly don't agree that paying students to perform is the way to go.

I liked this seminar!

I thoroughly enjoyed this presentation. It was enjoyable, informative, and I wish it lasted longer!

I've always known that the goals that we evaluate others on need to be SMART goals. This session gave us another way to look at what types of SMART goals are actually established for our Superintendent.

Thank you.

Information was helpful but he spent too much time with personal story telling....focus your presentation as you have wonderful information to share.

Loved it!! Very helpful ideas for my work with the Board and I really appreciated being able to ask you questions at the end. I think your suggested Power Move is going to be helpful. Your district really lost out when they lost you; such shameful behavior to put the kids last. thank you for your service

Loved this. Guy was SO engaging. Room was PACKED. Would like him to present in our state. I wonder, without the "prizes" of trips, what he would have achieved.... Interesting topic for debate.

Most amazing speaker. Great meeting and was just what I needed to hear

Need to name it something else like, Become a Powerful Board" I thought this was going to be a different topic - more about the politics of board membership.

Outstanding motivation ideas. Nice reframing of empowerment

This man was great! Really knew how to ENGAGE the audience! Really terrific! Funny! He gave us some real life experience that we can apply back in our own districts.

This was a "contact" session, enjoyable and instructive.

Working in small groups allowed participants to explore beyond the prompts, which we did as we were able to complete some assignments with time left over. This was positive and clearly expressed in my and other groups.

Did not find all applicable, but found it helpful to think through applications for other school board members in the work group.

This was a great session. There was a packed house and the speaker was engaging and dynamic. Awesome.

---

This was an incredible session!

---

This was my favorite session, speaker was great!!!

---

This was one of the two best sessions I attended the whole conference. Well presented, timely, and useful!

---

Very inspirational, down to earth speaker with logical and good ideas. Made the impossible seem possible.

---

Very well done, I like the instructors down to earth approach. He is clearly proud of what he, his staff and students accomplished. He was a great speaker. Thank you.
