You did a great job with the board last night - hopefully you got back to T-Town with no problems. Don't forget to send me your receipts.

We have two board members who cannot be there on the 20th. It is bad enough to have one board member out for such an important meeting, but two? If you don't think that is that big of a deal, let me know and we will go with it. If you agree that is too many to be out, would you be willing to fly here on Monday the 18th? (even though that is still having one member out).
