

Scott Gammons

Taken From a Facebook Post –

This is one of many reasons I have always liked you as both a friend and as one of my former teachers. You are intellectually honest and you are willing to concede if you are wrong and would likely even change your mind if the facts point you in the right direction. I try to be this way as well. I have little patience for those who feel somehow compelled to parrot factually incorrect information because they are too lazy to research it themselves. They seem to be all too willing to parrot what some sleazy talking head or Hollywood starlet has fed them without thinking for themselves. Don't just accept that what you are being fed must be correct. Don't believe it must be or it wouldn't be reported on the news in that way; or Kanye West wouldn't have said it at the VMA awards etc.

Era: Huffman ISD Job: 1982 - 1988

Relationship: Scotty was always a thinker. During this teaching job, Paul oversaw the students while they operated a school store; hands on learning. When one thinks of sensible, responsible, worthy of trust, accurate work, and well-pondered responses, Scotty Gammons would come to mind.
