

**Priscilla Padilla**

If it weren't for Mr. Vranish and Mrs. Marla's motivation to work hard I might have not graduated with the honors that I did. Mrs. Vranish encouraged everyone to continue college and worked hard to get students the financial help they needed, helping us apply for scholarships and grants. Thank you for pushing me into taking dual credit courses!! They helped so much. And I'll never forget how Mr. Vranish was there for us every basketball season cheering for us on the sidelines. You were an awesome motivator and most importantly a friend to us all. Infinite thanks to you both!!
