

Powell & Leon

My first Superintendency began at Lone Oak ISD on June 2, 1997. This district had an existing relationship with the law firm of Powell & Leon – a firm that had opened in 1996. I continued to use the firm for legal counsel, and a business relationship developed. Having just retired from my third Superintendency – using Powell & Leon at every district – I can now say a friendship developed.

I have had experience with many school law firms since 1997. It is with certainty I can say that the dedication to customer service, exhibited by the Powell & Leon firm, is unmatched. I have personally interacted with many good school attorneys during my career; and a few who were not so good. Blake, Sara, and every one of their associates, have always shown the willingness to go the extra-mile. They make me feel like family.

If you are a school administrator who wishes to obtain legal counsel from a firm who responds promptly, insightfully, and accurately, I urge you to consider Powell & Leon.

Tell them, “Paul sent me,” so I can stay on their Christmas Card list now that I am retired!
