

## **Jesus Rosales**

Throughout my school years, I've had many memorable moments. The one I especially remember is the time Mr. Vranish took us to the LA Trip. I honestly can tell you if I'd haven't been for the TAKS Trips, I would have never been able to visit places; other than Tornillo.

I come from a low resource family and I got to see things I may have never seen before. I remember getting home and telling my dad all about the trip.

I went on a total of five trips: The LA Trip, Texas Cities Trip, Colorado Trip, Minnesota Trip, and the trip to Washington, DC. I loved spending time with my friends as well as my teachers; who I liked.

I truly appreciate everything they have done for me. They are the reason I will be graduating from High School in a couple of days. I plan to pursue a career as a Registered Nurse. I love helping people and it's just a little something I can give back to the community.

Those TAKS Trips were something I will never forget because no other school rewards their students with such an amazing experience!

**Era:** Tornillo ISD Job: 2002 - 2012

**Relationship:** Jesus really was a traveler; as well as a fun-spirited kid. Paul remains in contact with him via Facebook.
